34 Robe Street ST KILDA

3 2 2

Experience the revelation once inside

Surprises and delights from the Arts and Crafts front to the very modern rear with every fine detail of this exquisite, sun-dappled three or four bedroom home. There are charming period windows, open fireplaces, garden views from every window through steel framed bi-fold glass doors, which give a pavilion feel to the informal dining area, and youll find so much else in which to delight. Theres a glass bridge over the fishpond, large beautifully ventilated living areas, two superb bathrooms, magnificent kitchen, and incredible amounts of storage and shelving, attic storage above the double garage with easy access from the wide rear laneway, even an internal cellar for a large collection of wine. A country feel in inner city living just perfect. Every detail has been considered, right down to water tanks and the garden shed. Just perfect.
