The "Opportunity of a Lifetime"

Behind a handsome Deco- inspired volcanic clinker brick facade, lies this impressive, brand new town residence.

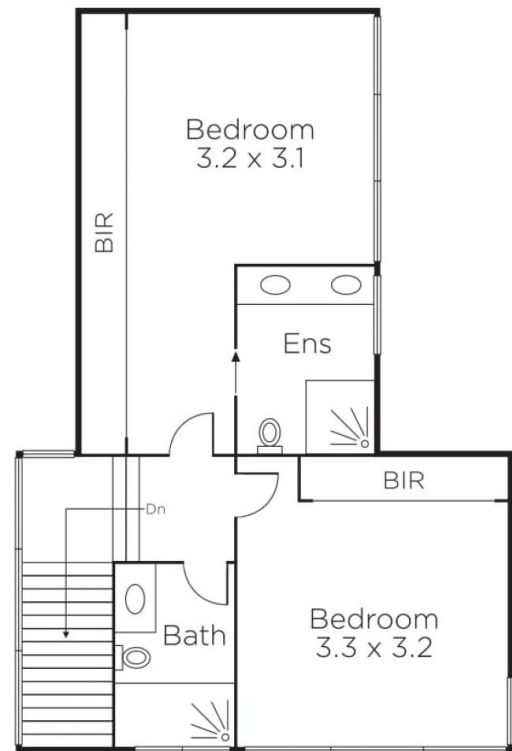

Designed by Plus Architecture, with a commanding street presence this residence heralds a brand-new era of contemporary class in the heart of effervescent Elwood. Built to exacting standards with everything thought of and everything of the best, this is clearly a home for those who appreciate the fine art of luxury living. Drenched in cascades of natural light flowing through a series of carefully placed windows and skylights, it's a vision of perfection from beginning to end.

The superbly scaled floor plan features a vast space for living, dining and entertaining with glass stackers opening up to provide a seamless indoor-outdoor integration. The high-end kitchen is a Chef's dream with its marble surfaces, Bosch appliances, central island bench, breakfast bar and superb storage. And speaking of dreams, this sophisticated showstopper is a dream downsizer with its choice of sumptuous main ensuite bedrooms on top and ground floor making it an ideal option for those looking to scale down without having to compromise on the quality of their lifestyle.
