Taking up the whole floor of an attractive Art Deco block of just two, it's a ready-to-move-into home where you can relax, entertain in style and take advantage of the great outdoors with summertime barbeques and healthy active playtime for the kids in the fresh air.

A large entry foyer introduces the engaging floor plan, featuring a generous living room, separate dining room, a modern kitchen/meals with stone benchtops, separate sinks and stainless-steel appliances, two bedrooms with built-in robes, a central bathroom, an enclosed front balcony and a back porch leading down to the garden.

A car space, heater in the living room, built-in robes in the bedrooms, laundry taps, decorative ceilings and floorboards are further highlights of this remarkably rare find.
