A Bright Beginning

Here's a place where space, comfort & location work beautifully together in a solidly built boutique block of just six. With all the makings of a great first home or super-savvy investment, this first floor front apartment incorporates an ultra-generous living room, meals area in the kitchen with gas cooking, floor-to-ceiling robes in each of the two double bedrooms, secure intercom entry and car space. Serenely positioned yet so close to all the action that creates such a demand for a lifestyle location such as this one. The apartment is within walking distance to Carlisle Streets cafe culture, Ripponlea Village, all forms of public transport, Greenmeadows Gardens & Ripponlea Estate.
